

Development Name:

Dwelling Type:

Checklist Pol 1 - GWP of Insulants								
Element	Proposed Insulation Materials	Unfoamed [U]/ Foamed [F]/ Installed Using Propellants [P]	Manufacturer	Product Name	GWP (if foamed)	Name of Blowing Agent Used (where installed using a propellant)	GWP of Blowing Agent (if present)	Reference to literature confirming GWP (if foamed or installed using a propellant)
Roofs								
Roof Type 1								
Roof Type 2								
Loft Access								
Walls								
External Walls								
Internal Walls								
Doors								
Lintels								
Thermal and Acoustic Insulation								

Floors								
Ground Floor								
Upper Floors								
Basement								
Foundations								
Thermal Stores								
Hot Water Cylinder								
Cold Water Storage Tanks								
Pipe Insulation								
Other Thermal Stores								

Note: The manufacturing process of insulating materials changes regularly. Because of this, this document does not include a complete list of insulating materials that comply and manufacturers should be approached for up-to-date information on their products.
